Quick**Pole** Series 5

Ultra-Lightweight, High Quality Carbon Fiber Boom Pole

The QuickPole Series 5 boom pole is the latest edition of the Ambient QuickPole booms

Custom-made Carbon Fiber Compound

Our Series 5 booms use a **custom-made carbon fiber compound with added UHM fiber**. With this technology, the QuickPole S5 boom pole keeps the perfect balance between being lightweight and being sturdy. This construction also allows us to introduce the QP5150, a boom that extends to over 6 meters (20.99 ft).

Silky-Smooth Extending and Collapsing

The Teflon sheet plus a silicone-lubricated felt make for **silky-smooth extending and collapsing** of our boom pole. The telescoping function works quickly and enables professionals to always be ready to go.

Re-Engineered Locks

Fine knurling and extended length provide the perfect grip. The threading is optimized for **the locks to open and close securely yet lightning fast** with just a quarter of a turn. A silicone sealing ring keeps dust and dirt out and the lubrication in.

Intersectional Twist Protection

An innovative serration on the locks lets the lock pieces fall into place automatically when you disassemble and reassemble your pole.

Cable Retrofitting

A **custom-designed tip and optional bottom end** allow for easy, solder-free cable retrofit. Simply take off the tip, insert the pre-configured internal cabling and plug it into the butt-end.

Quick**Pole** Series 5

Ultra-Lightweight, High Quality Carbon Fiber Boom Pole

Type	Length collapsed mm (in)	Length extended	Weight g (oz)
QP550	550 (21.65)	1850 (72.83)	450 (15.87)
QP565	690 (27.17)	2480 (97.64)	540 (19.05)
QP580	840 (22.83)	3120 (122.83)	636 (22.43)
QP5100	1040 (40.94)	4020 (158.27)	760 (26.81)
QP5130	1340 (52.76)	5320 (209.45)	950 (33.51)
QP5150	1550 (61.02)	6370 (250.79)	1080 (38.10)

Cable Kits

Internal cabling is available for all booms, balanced mono or stereo. For lengths up to QP5130, coiled or straight or coiled cabling is offered, for the QP5150 straight cable only. Booms are also available with readily installed cable.

Art. No.	Mono Cable Kits
QP5-CCM-50	coiled cable set for QP550, mono XLR3
QP5-CCM-65	coiled cable set for QP565, mono XLR3
QP5-CCM-80	coiled cable set for QP580, mono XLR3
QP5-CCM-100	coiled cable set for QP5100, mono XLR3
QP5-CCM-130	coiled cable set for QP5130, mono XLR3
QP5-SCM-50	cable set for QP550, mono XLR3
QP5-SCM-65	cable set for QP565, mono XLR3
QP5-SCM-80	cable set for QP580, mono XLR3
QP5-SCM-100	cable set for QP5100, mono XLR3
QP5-SCM-130	cable set for QP5130, mono XLR3
QP5-SCM-150	cable set for QP5150, mono XLR3

Art. No.	Stereo Cable Kits
QP5-CCS-50	coiled cable set for QP550, stereo XLR5
QP5-CCS-65	coiled cable set for QP565, stereo XLR5
QP5-CCS-80	coiled cable set for QP580, stereo XLR5
QP5-CCS-100	coiled cable set for QP5100, stereo XLR5
QP5-CCS-130	coiled cable set for QP5130, stereo XLR5
QP5-SCS-50	cable set for QP550, stereo XLR5
QP5-SCS-65	cable set for QP565, stereo XLR5
QP5-SCS-80	cable set for QP580, stereo XLR5
QP5-SCS-100	cable set for QP5100, stereo XLR5
QP5-SCS-130	cable set for QP5130, stereo XLR5
QP5-SCS-150	cable set for QP5150, stereo XLR5
